

## **To the memory of Prof. AZAR AHMADOV**

Azerbaijani physicist, doctor of physical sciences, professor Azar Ahmadov unexpectedly left us and his loved ones.

The results obtained by Azar Ahmadov are published in more than 150 papers. He gave speeches at a number of prestigious international scientific symposiums and conferences.

Along with scientific activity, Azar Ahmadov had a great role in training highly qualified physicists. The door to his room has always been open to everyone, from students to academics. A scientist, who does not consider himself superior to anyone, always helped those who appealed to him as much as he could. Azar Ahmadov, always treat the team he leads with great care and respect, aroused their interest in scientific research with great pedagogical skills. He taught young students the ability to think independently.

Azar Ahmadov was one of the active members of the Editorial Board of the journal *Advanced Physical Research* and we'll always miss him.

His colleagues and students with a fond memory will always remember him.
