CONTENTS
Vol.6, No.3, 2022

H. Yaren Kuloglu (pp.113-119)

Histological and histochemical structure of conjunctiva-associated lymphoid tissue (CALT) in *Alectoris chukar*

H.A. Idrisov, Y.V. Suleymanova (pp.120-126)

Biometric and yield indicators of hazel shrubs depending on pruning

D. Kebede, P. Rubaihayo, I. Dramadri, T. Odong, R. Edema (pp.127-140)

Mechanisms associated with inheritance of resistance to ergot (*Claviceps Species*) in sorghum

L. Galandarli, C. Mollayeva, A. Javadzade, A. Mammadova, N. Amrahov (pp.141-146)

Molecular docking of glycyrrhizin with 11 β -HSD1 protein

N. Abbasova (pp.147-151)

The effect of mineral fertilizers on the dynamics of total phosphorus in the aboveground mass of sunflower

A. Huseynova (152-159)

Effects of soil cultivation and fertilizers on protein yield in repeated summer crops of soybean

R. Orujova (pp.160-166)

Quality indicators of irrigation water in the Ganja-Gazakh sloping plain
